

SCHOOL LESSON PLAN DOCUMENT

Course: Advanced Computer Science (CS301)

Instructor: Teacher Test

Academic Term: 1/2569

Unit 1: Fundamentals of Algorithm Design and Complexity

Unit 2: Asynchronous Programming and Distributed Queues

Unit 3: Database Concurrency Control & Unique Integrity Constraints

Unit 4: Digital Signatures and Document Verification

Evaluation Criteria:

- Laboratory Practical Work: 40%
- Mid-term Examination: 30%
- Final Lesson Plan Capstone Project: 30%
